

Hospitalist or General Medical Physician

A Career awaits you in the mountains of Southwestern Virginia

Nestled in the Blue Ridge Mountains of Southwestern Virginia, Southwestern Virginia Mental Health Institute (SWVMHI) is searching for a hospitalist or general medical physician to provide medical care for psychiatric inpatients. Research indicates that holistic treatment of urgent and emergent co-occurring disorders is important in their recovery journey.

If you are looking for a beautiful, small community with lush farm land, affordable housing, clean air, and open spaces that offer a relaxed atmosphere to enjoy many outdoor activities and hobbies, then you will love Southwestern Virginia. Need a break from our natural beauty and lack of traffic congestion? We are close to several metropolitan areas and airports.

Come to Work at Southwestern Virginia Mental Health Institute
